MR. CORY

To us students, Mr. Cory is more than a superintendent; he is the back-bone of our school. It is under his competent, guiding hand that our schools have achieved prominence. We are fortunate to have Mr. Cory as our superintendent.

MR. CRAW

Mr. Craw, as our principal, is a friend and counselor to us all. He makes our problems, his. He has a complete understanding of students and is just in his dealings with young life. We are very proud of Mr. Craw as principal of our school.

Board Determines Our School Policies

Our School Board is distinguished for its spirit of service in this day of dire need. Its members are constantly working for a system that will serve community needs as well as a nation's demands. We feel that we are very fortunate to have such a versatile and cooperative school board.

Our Sophomore Year Brought New Activities

As we go to press we review hurriedly, but in a retrospective manner, the contents of a year of activity. Programs, assignments, studies, experiments, recitals, commencement,—all of these plus many more are found in the year's calendar. Firmly we believe that education is the composite of the experience of living. Fascinating is the art of composition: Start with an idea and snow ball others with the first; if one is fortunate, a big fort of ideas might be the result.

Themes, culled and revamped; photographs, singles and groups; and a two day job with a competent photographer and fascination. The contract for engraving printing and binding file next in line. Cover choice is no easy tangle. Dummy complications and at last we go to the printer. And with what do we go to him? Personnel, class, organization, athletics, alumni,—all fitted, tagged and typed in logical order. the retros-

Junior Year Means More Serious Work

As seventh and eighth graders we were thrilled with the new building, a change of class rooms and varied subjects. And then we enrolled as freshmen—meek, and a little green—but anxious to fit into the citizenry of the school. After a class party or so with Miss Dutro and Mr. Lester and exposure to shop, biology, English, etc., we entered our sophomore year. We elected Miss Harvey and Mr. Heniser as our sponsors with the hope that they might give us more freedom. But alas, there were still the well organized restrictions. We partook of home economics, agriculture, art, and languages along with better English and geometrical figures.

As juniors we took on a more serious tone. High school days were half gone. Decisions for thorough training must be made. We presented our class play, "Little Women," had a party or so with our sponsors, Miss Hormel and Mr. Rudicel, purchased rings, took active part in Hi-Y and G. R. programs and dances and enjoyed what we felt was a charming reception at the close of the year with our senior classmates.

The Value of Preparation for the Future

Those questioning days came at last. Would enough credits be learned, would sufficient knowledge be gained, would we be fitted for a position in the community or for college entrance? Our sponsors, Miss Castle and Mr. Craw, had lots of work, for senior days were filled with all such major problems. The social side was more interesting; we were the select, if such could be the case in school life.

Our carnival brought in its expected returns; "TISH" was a hilarious success; we sold concessions, and thereby eliminated advertising in the annual for the first time in our annual history.

Caps and gowns, baccalaureate, and commencement bespoke our graduation. We closed with 51—a record, good, bad, or otherwise—filled with ins and outs—but always UP.

To Mr. Craw-in Appreciation of His Faith in Youth

We, the seniors of the class of nineteen hundred forty-two, in deep appreciation dedicate this Epitome to Joe R. Craw.

We are grateful for his advice and counsel, not only as an instructor in curricular activities, but as an individual in the community as well. As principal of our school he holds the trust, faith, and confidence of each student who comes in contact with him.

For this reason we dedicate our year book to this outstanding personality.

The Teachers Guide Our Learning Hours

We've tried so hard to please,
We think you must agree;
We've done our best—
Don't criticize,
Just look on, don't blame me.

Unfold these pages, you will see
Our history from A to Z.
We hope you like it,
It's done for you.
So, a toast to this Epitome.

The students are a bright gay lot.
On time? They ne'er are on the dot!
But we forgive,
They're not too bad,
But certainly J. C. likes it not.

We're fond of teachers, no less,
Without them—oh, what a mess!
So here's to them.

Long may they teach
Here at good old H. H. S.

Norma Mettert

"Get the janitor and ask him if he'll fix this door."
This quotation is quite familiar to Jake, John, or Brownie who are always willing to help. Things about this school which are taken for granted such as, clean windows, empty waste-paper baskets, swept floors, and washed black boards are the result of the never-ending work of our faithful janitors.

Next Year It's Our Turn

Juniors are always the ones who are confronted with new obligations, such as a play and prom. They have done an excellent job of handling both. Their play, "THE FOUR DAUGHTERS," is one which won't be forgotten soon and their Prom was much appreciated by the seniors. The juniors have done a grand job and there is every reason to believe that they will do as well as seniors.

Sophomores are the ones you never hear much about. But that isn't this Sophomore class! They haven't outgrown their freshman tendencies yet and with the exception of a few probably never will. Everyone enjoys being with the sophomores because there is never a dull moment. Because of them you often hear, "Those sophomores!"

These Are the H. H. S. Freshmen 67 Strong

Freshmen usually live up to the saying that they are just a bunch of "greenies," but this year the saying doesn't hold true. This crop of freshmen are holding their own, as we all have found out! They want to be in everything and they will do anything. These sixty-seven have started their high school activities well and from all indications will continue in this same enthusiastic manner.

OFFICE HELP

"Sorry, but he's in class"—An expression quite familiar to those who help in the office. Telephones to answer, errands to run, absence slips all these and many other small (and large) duties are the responsibility of office help. Mr. Craw certainly can use these students in his various activities.

Incidentally, it's a privilege to be able to help Mr. Craw. So, underclassmen, keep on the straight and narrow path and you, too, may sometime be in the office for other reasons than you generally are now!

In Library and Control, Books Are Important

BOARD OF CONTROL

"My books won't balance!" How often we hear that statement. These students and teachers control the finances of the school. It's really quite a job. Just you try it and you'll see! They have proved themselves trustworthy and have rendered invaluable service to the school. Miss Smith, (Helen to everyone) acts as comptroller of finances.

LIBRARIANS

*"Worthy books are not companions—they are solitudes
We lose ourselves in them and all our cares"*

—Philip James Bailey

"Quiet please." This must be the motto of the library. After all, it is a place to work and not the place to old friendships.

Whether you know it or not, these librarians have a job on their hands. They are always willing to help the student find what ever he is interested in—from Shakespeare to Disney.

A library can act as a magic carpet in which you view the places which you may never be able to visit yourself. A book can open realms of unknown wonders, if we only take the time to go beyond the first chapter of the book and read something beside superman.

So let's give our library a chance!

BOY'S GLEE CLUB

"Sylvia"

"Anchors Aweigh"

If you were to listen outside the door of the music room, don't be surprised if you should hear the boys rendering a version of "Chattanooga Choo-Choo!" They believe in singing the latest along with the oldest music. Although this organization is rarely heard from, the boys enjoy their bi-weekly periods spent in the music room. Their accompanist is Bill Carr.

We believe we should hear more from this group. How about it, boys?

GIRL'S GLEE CLUB

"Sympathy"

"Recessional"

The Girls' Glee Club under the direction of Mr. Richards is probably, with the exception of the band, the most popular organization of the music department. They have appeared in many school functions and in as many community affairs. This year the Glee Club is formed by fifty-four girls. They sang many types of songs ranging from old masters to modern composers.

May the Glee Club continue to be as popular and noteworthy in the curriculum of school years to follow!

BAND

"On You Tigers"

"Star Spangled Banner"

You can't have a good basket ball game without a band! This year our band played at almost all the home games and at other school programs. They met three periods a week with Mr. Richards. The band, along with all the other musical organizations, gave a concert in March. Everybody seemed to enjoy it.

On to a bigger and better band next year!!!

STRING ENSEMBLE

The String Ensemble is a new division of the music department organized this year by Mr. Richards. They showed great improvement as the year progressed. It consists of violins, cello, bass, and piano. They played at many school functions, including senior and junior play, tea, Christmas program, and the concert.

First Row—Mary Jane Hindman, Mr. Arden Richards, Wilma Jean Weaver.

Second Row—Marjorie Sherry, Joanne Stahr, Bill Carr, Louise Cory, Dailene Cordell.

JUNIOR ORCHESTRA

"Practice makes perfect".....We can imagine what the parents of these young and ardent musicians endure. But it's worth it, they all agree. These junior orchestra members are students from the grade school and the junior high school. Under the leadership of Mr. Richards, our music supervisor, they are learning the fundamentals that are necessary for musical education. They have improved during the year and appeared in public program.

We shall expect a lot from these students of the musical organizations of the future!

GIRL RESERVE CLUB

The Girl Reserve Club, a junior branch of the Y. W. C. A., develops the characters and personalities of the girls through social, religious, and community activities.

The club boasted a membership of 96 girls this year, with every senior girl a member, a goal for which we have been striving a long time.

You have only to look at the calendar to realize that the club has had a very busy year. Their main events were: Harvest Hcp, Mother and Daughter Tea, Christmas Banquet, and the May Breakfast.

They have accomplished many things this year under their new sponsor, Miss Castle, who contributed much to the success of the club year

Pianist	Bill Carr

Purpose: To create, maintain, and extend throughout the school and community, high standards of Christian character.

A junior organization of the Y. W. C. A., the Hi-Y is partly responsible for the atmosphere of a high standard of entertainment, personal initiative, and value of living as Christians that pervades the community.

Before the school year started many of the officers attended a training school at Tecumseh. They sent several delegates to a conference at Kokomo. They sponsored their annual Father and Son Banquet in January and also a skate. The G. R. and Hi-Y have had several club programs together and have sponsored different school projects.

The club has had a profitable year under the leadership of their new sponsor, Mr. R. C. Hinesley. We are glad so many boys are interested in the improvement of both body and spirit. May the club continue to grow!

Vocational Education

This year there are ninety boys engaged in the pursuits of learning some practical trade from machine, wood, and sheet metal shop.

Future Farmers of America

Motto: Learning to Do, Doing to Learn, Earning to Live, Living to Serve

The Future Farmers is an organization of vocational agriculture students. This organization sponsors the extra-curricular activities of the agricultural boys, such as international live stock trips and the pest campaign. In addition, it also helps to finance the conservation club which raises pheasants.

These boys who are studying to be Future Farmers will be our future farmers. It is gratifying to know that so many boys realize the need for modern farming.

“Make the Best Better” is Boys’ 4-H Club Motto

Boy’s 4-H Club work is carried by both boys and girls between the ages of ten and twenty-one. The enrollment, from 45 to 50 members, is taken in March.

Here are some of the projects carried on by club members: beef and dairy calves, poultry, swine, lambs, entomology, wild life and soil conservation, and farm records. Junior leaders have charge of various projects.

This organization enables all to come in contact with practical problems and enjoy the fruits of able leadership.

Debaters Always Agree to Disagree

*He who will not reason is a bigot;
He who cannot is a fool;
And he who dare not, is a slave.*

Wm.Drummond

"You're wrong; I'm right." A familiar expression if you listen to the debate squad.

The subject for debate is: "Resolved, that as a permanent policy, every able bodied male citizen of the U. S. should have one year of full time military training before reaching the present draft age."

Those on the affirmative side of the fence are Louise Cory and Norma Mettert. On the negative, Sally Cartmell and Joanne Stahr. Mary Jane Hindman and Madonna Miller act as alternates. Here are the teams that they have encountered: Elwood, Hamilton Public, Hamilton Catholic, Tech of Indianapolis, Wiley of Terre Haute, Fairmont, Rushville and Ben Davis.

With Miss Hormel as coach the team has had an eventful and profitable year.

Chemists Study Scientific Advancements

"Better things for better living through chemistry"—Dupont

Experiments, test tubes, formulas, unexpected incidents, with the teachings of Mr. Hinesley, fill a busy science student's day. If you will only look in the "lab," you will see the results of many of these "incidents."

A large percentage of juniors and seniors that are taking this course realize the very important part that science is playing in the world today.

MISS HILDA THOMAS

Art Above All Is Expression - Matisse

Expression is the essence of life and beauty. Without sincere expression, life would be a humdrum affair, a continuous and never ending train of drabness and dullness. If every person would try to express himself in some manner, he would find this world a happier, brighter place.

Not all of these students will be a second Wood or Rembrandt, but it is evident that they enjoy putting forth their ideas in some medium. There definitely is talent in the class. Sometime when you have a little extra time on your hands, spend a few minutes in the art room. You will enjoy talking with Miss Nicholson, and looking at the exhibits.

Red Cross Assumes New Importance During War

CREED: We believe in service for others, in health of mind and body to fit us for better service, and in world-wide friendship. We will help to make the Junior Red Cross successful in our school and community, and will work with Juniors everywhere in our own and other lands.

In the words of the Junior Red Cross Song of Service—"A youthful throng we march along, with Red Cross flag unfurled"—this they certainly have done this year. Under the able leadership of Miss Morris, this organization has become one of the most active clubs of the school. Let's look at their record: We're certain you will agree.

With every student a member, the Junior Red Cross started its school year with a button drive and yarn collection. This winter they aided in the Victory Book Campaign. Every month some of the members decorate the Red Cross window down town. They also knotted two baby comforts, made an afghan; they have made favors for the veterans at Marion.

See, haven't they been busy? But don't, get the impression they are over-worked; they had several parties during this past year.

We could only wish that every organization was as industrious as these Junior Red Cross members.

"Tish" Presented by Senior Class

"Tish," a farcial adaptation of the famous Mary Roberts Rinehart stories, was the play chosen by the seniors for their annual presentation in November. Needless to say, if you saw the play, you know that both the audience and the ac'tors had a good time.

The cast was as follows: Tish, Yvonne McIntyre; Aggie, Joanne Stahr; Lizzie, Norma Mettert; Ellen, Helen Strong; Charlie, Rex Porter; Lem, Gerald Walters; Bettina, Betty Gray; Wesley, Bob Small; Callie, Joan Thornburg; Mr. Hopkins, Bob Howell; Dorice, Jinny Jordan; Denby, Bill Carr; Charita, Angeline Hays.

We all know that without the help of the people backstage, a play cannot be produced efficiently and effectively. So, let's give those people behind the scenes a hand!

SENIOR PLAY CAST

First Row—Yvonne McIntyre, Joanne Stahr, Bob Small.

Second Row—Norma Mettert, Angeline Hays, Miss Hormel, Coach, Bill Carr.

Third Row—Joan Thornburg, Virginia Jordan, Helen Strong, Betty Gray, Bob Howell, Rex Porter, Gerald Walters.

Junior Class Play Features "Four Daughters"

The play was given one night only, March twentieth. The performers showed what ability the class possesses and what ability!

The cast was as follows: Adam Lemp, Harold Cromis; Emma, Trudy Klotzsch; Ann, Sally Cartmell; Kay, Wandah Davis; Thea, Bernie Stratton; Felix Deitz, Don Brown; Mickey Borden, Eddie Konig; Ben Crowley, Junior Coomes; Aunt Etta, Betty Wissler.

Again let us say thanks to the people who are not seen but are always there with an important part in play production. We hope the juniors, as seniors next year, have even a bigger and better production, if possible!

First Row — Zane Stohler, Jean Ann Jackson, Mary Jane Hindman, Maxine Miller, Norma Mettert, Jerry Smith, Louise Cory

Second Row — Madonna Miller, Helen Rinehart, Vera Dilling, Betty Taylor, Robert Hutchins, Miss Alida Morris, Eddie Konig, James Giggy

So they say! Miss Morris's Latin classes have found this out. This year seven students took up the task of plowing through year one. In year two, we have five students with Caesar in Gaul. In year three, we have three hearty souls who are touring the Mediterranean with Aeneas!

We all know that without the help of the people backstage, a play cannot be pro-county and district contests. And you can bet your next week's coke that we are all glad to claim them as our own.

These Latin students have learned not only the Latin language but many other things. They have had a study of ancient history; they have come in contact with some of the most famous personalities of the ancient world. It most certainly has helped them with their English and their vocabulary has been greatly enlarged. Of course, it has proved an asset to those who will use Latin in their profession and was even made more interesting by Miss Morris's personal experiences in the lands in which the stories took place.

Don't you wish you had taken Latin???

"Long live the friendship of the Americans!" These Spanish students that are studying the "up and coming" language are doing their bit toward strengthening the bond between us and our southern neighbors.

In addition to the study of the language itself, they are over coming barriers that have resulted from distance and geographical conditions.

This class, under supervision of Mr. Craw, is rapidly advancing in the knowledge of this language. "Hasta la vista"

They Make The Athletic Wheels Go 'Round

Students seem to think that the athletic director's job is an easy one, but it takes thorough organization and efficiency for good gym classes. Miss Castle and Mr. Rudicel have been competently aided by the gym helpers. These helpers contributed to the factors that make a successful gym class and their aid has been appreciated by the directors. Students really enjoy gym and how could they help it with such good instructors.

FIRST AID??

Here we have Trainer Small, who has been a very efficient trainer and has taken his job seriously administering to the wants of Rex Lilly. We know that a team cannot function without a trainer, and Bob Small has fulfilled his position very well.

YELL

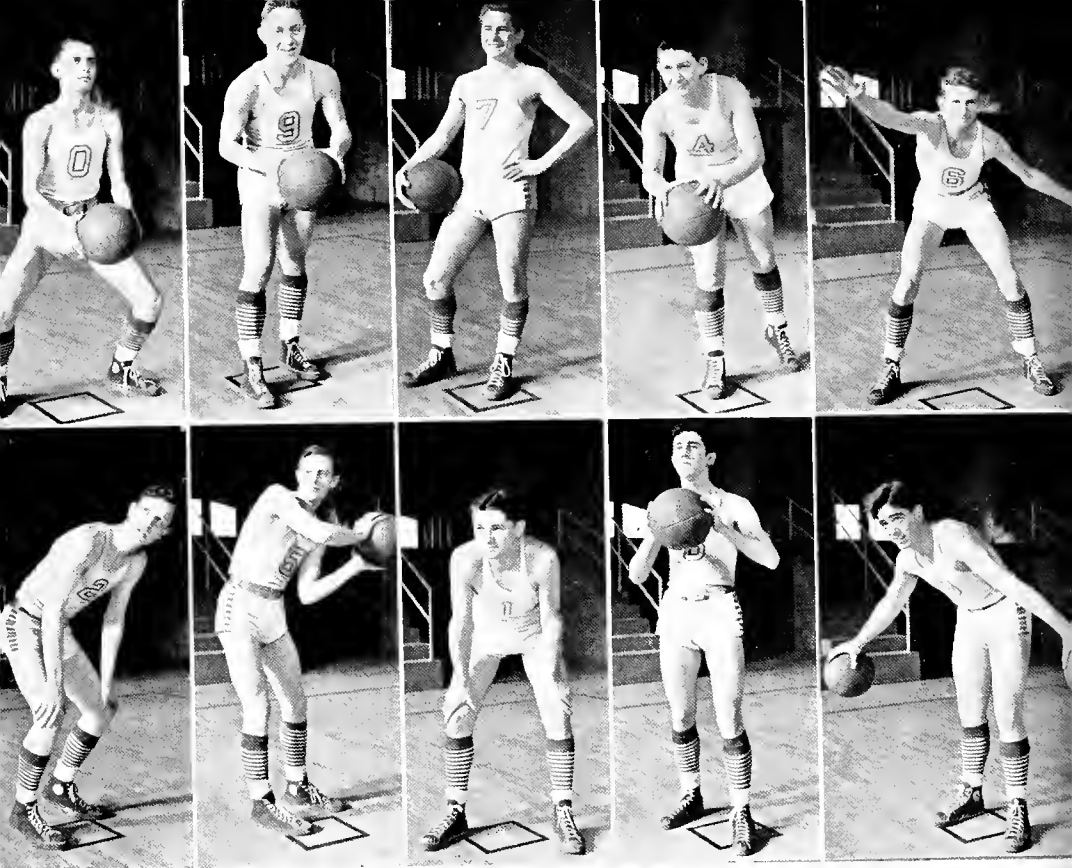

With such an enthusiastic group of yell leaders how could we help but yell? Our yell leaders have helped us to support the team at all the games and at the many pep sessions preceeding our games. "Shorty" will graduate this year, but Louise and Trudy will be back again to carry on H. H. S. tradition.

ROBERT MEAD 0 *Forward*

Bob's "never die" spirit made him a valuable player, along with his good passing ability. Bob received a senior sweater with one stripe.

JOE GWIN 9 *Forward*

Pete's aggressiveness to get out there and "fight" made up for his lack of height. Joe displayed a very fine tourney spirit. His senior sweater boasted one stripe.

DON BROWN 7 *Guard*

Don was a competent ball handler and could use his scrappiness to a good advantage. He is only a junior and we hope to hear a lot from him next year.

TOM GATSEK 4 *Center*

Tom's eye for the basket and shiftiness under the goal made him dangerous to any opponent. He has one more year on the squad and will be very helpful to next year's Tigers.

MYRON DAVIS 6 *Guard*

Tunny's fast passing and alertness made him tops as a guard. He was also a good shot and will be heard from next year, to carry the colors of H. H. S.

PHILIP STOUT 2 *Stout*

Phil proved valuable on the backboards. His height and good sportsmanship helped to make the Tigers aggressive. He has one more year to offer for the Tigers.

RICHARD KNAPP 5 *Forward*

Mickey was an all around ball player and leading scorer of this year's team. He was lost by graduation and his vacant place will be hard to fill. He received a sweater with two stripes.

LEWIS HILBERT 1 *Center*

Doc handled his height to the team's advantage. His ruggedness was a menace to any opposing team. He worked well from the backboard and his loss will be felt next year. Doc's senior sweater sported one bar.

GENE FOUTZ 8 *Guard*

Gene was the Tigers' best defensive man. His fighting spirit helped to make the Tigers fast and dangerous. He will be greatly missed by next year's fighting five. He was the only player to receive three chevrons.

WARREN FOUTS 3 *Forward*

Warren's shooting ability was not equaled by any other player on the squad. He was a good rebound man and will be a great asset to next year's team.

The Kittens Are Future Tigers

We are proud of our Kittens this year especially, for they didn't lose many games and those they did were close. These boys are developing into first-rate material under the leadership of Mr. Rudicel. They are rapidly developing the fighting spirit which is necessary to any winning team. The sophomores will probably break into the big team next year and from all indications, they will prove invaluable.. It is a treat to watch the Kittens play, for they have that drive and an eye for the basket that is hard to beat. We expect great things from you next year, so don't disappoint us; keep up the good work!!!

Here Are the Spring Sports Activities

BASE BALL

"Baseball, baseball, American's favorite game!" You can see from our schedule that our town is no exception to this saying. We had many an exciting game this year and our boys proved themselves good players, as you can see from the batting averages. We lose only three men this year and our next year's team looks promising. With the aid of our coach, Rex Rudicel, baseball is rapidly improving and should soon be taking honors.

This year Knappy had a batting average of .500 and Gwin held a close second with .417.

TENNIS

Last fall 26 boys took part in the annual boys' tennis tournament. The battle waged fast and furious until Tom Gatzek proved himself a champion. Willis Lannerd gave him stiff competition but bowed to Tom in the finals.

We imagine, since both of these boys are juniors, that there will be close contests next year. Don't you agree?

GIRLS TOURNEY

The boys aren't the only ones who are interested in athletics. The girls in the high school staged their annual intramural basketball tournament. The Senior class won the tourney for this year to make a perfect record, that of having won the tourney for four successive years. This tourney always affords a great deal of fun for all those playing and watching. We wonder who will be the victors next year?

Prophecy

There has been a new city established, since the 1942 Seniors have graduated, called Pickledillieville.

Some of the Seniors have set up places for homes and business.

As we pass through Pickledillieville, we see MICKEY KNAPP has a nice little grocery on the corner of Washington and Main Streets. His beloved spouse, ANGE-LINE HAYS KNAPP, is in charge of all advertising for the grocery.

Madame JANE FORREST has established a famous fashion center with the irresistible JANE DURBIN as her most featured model.

BEULAH BENNETT has opened a school of swing. Her assistants are the noted pianist, RUTH REED, and the exotic blues singer, RUTH BULMER.

JOE LILLY is not in town now. Joe is thumbing his way around the world. His next adventure is to fly around. Good luck, Joe!

As principal of the high school of Pickledillieville, REX PORTER is doing a very fine job of "running the school."

Living in a charming little cottage on South Perry Street is HELEN STRONG SHIELDS. Mrs. Shields is supervisor of the Strong Department Store.

KOOCH FOUTZ has fulfilled his life's ambition—coaching his own team in the high school of his home town. The team consists of his five little sons. YVONNE MCINTYRE FOUTZ has the important job of assistant coach which includes caring for the diet and health of the boys.

Teaching at the University of Pickledillieville, we find Professor CALVIN AMMERMAN. The Prof. is an instructor in the "Art of Love."

BEANIE DOERSTLER, whose country estate is situated south-west of town, is candidate for State Secretary of Agriculture.

The renowned winner of the Kentucky Derby, Knock-Kneed Bessie, is owned by PHYLLIS MARTIN and HESTER BRUNNER, who have recently opened their riding stables, "Off and On."

FREDA HEASTON and her husband, who recently returned from the army, have taken over her father's cleaning business, from which he has retired.

Senator NORMA METTERT just proposed a bill upon the question of whether to Zig or Zag. Miss Mettert proudly boasts of this city as being her home town.

Competing with the market on the corner of Main and Washington is the Super-Duper Kroger Store under the management of DONALD THOMAS and HAROLD HUNT. Harold is wondering what Don's opinion has to do with the price of eggs.

ORVILLE HAMMOND manages his own theatre which includes the Masonic Temple of this fair city. Featured this week on the stage is Maestro BILL CARR and his well-known orchestra with KIPPY KNAPP and her clarinet.

One of the high-spots on Main Street is the night club, "Casinos," operated by JACK MEGENITY, alias "Seven-Eleven."

MORRIS SMITH has been arrested, again, by Sheriff VICTOR BEESON for hunting on private property. His case will be tried by Judge CARL ROOT.

The town is supplied with pastries by the "Tough and Chewy" Bakery owned and operated by LA VORA RHINEHART. Miss Rhinehart credits her success to her training in her childhood.

JAMES GIGGY has finally succeeded with Mr. Hinesley in blowing up the school building in Pickledillieville by their experiments in the field of science.

BUBBIE METSKER has a chain of filling stations through-out the city. His most recent and largest place of business is located at Main and Perry Streets.

REBA JOHNSON, who is the author of the worst-selling book of the year, "Fundamentals of Health and Chemistry," is living on Soda Hill, which is located at the end of Pinch Avenue.

The world-wide known fan dancer, LUCILLE DOWNING, has contributed \$10,000 to the Congregating Dopes Church of which Reverend LOUIS HILBERT is pastor.

PETE GWIN is contracting a house for BETTY LOU GRAY and husband (guess who!!) They will reside on the corner of Elm and Market until their home is completed.

As proprieter of the "String and Stug" Beauty Shoppe, RUTH WOOD is doing nicely. She has quite a business and as her business manager, she has her close friend, ANNA FAYE ANDREWS.

WILMA WEAVER CUNNINGHAM, has left her home town to reside with her husband in Cutler, where she will continue her profession as a violin teacher.

At the Ron-de-voo Opera House, JANICE MURRAY is featured in the great musical classic, "Three Nights in a Bar Room."

The great lover, HARRY BAUMGARTNER, is in charge of the Love-Lorn column in the Pickledillieville Explosion. He sets all feminine hearts afire with his fascinating eyes.

Two of the most prominent nurses in the Pickle Clinic are JOAN THORNBURG and REBA BROWN. Miss Thornburg is supervisor of surgery and Miss Brown is supervisor of the maternity ward.

The city is kept in spick and span order by WARNER DUMFORD, the "man-about-town."

The influential young man, GERALD WALTERS, is the editor of The Explosion. The foreign correspondent, BOB HOWELL, keeps the wires burning with up-to-the-minute news from Poodleland.

Receiving his training from Parson's market, as a delivery boy, CHELSEA BORDER is now a postman. He always knows something about everybody for some unknown?? reason.

ROBERT BROOKS is holding down the lightweight championship of the world. He has challenged BOB SMALL for his next opponent. Killer Small is known to be a very good "trainer."

BOB MEAD is the nationally known sports reporter of radio station W-A-C-K-Y. Mr. Mead attributes all his success to his interest in sports while he was still inhighschool.

For some strange reason, SHORTY FOWLER is still running loose and giving all the girls a merry chase. Everyone if he will ever settle down. We wonder! Shrimp, how about it?

JOANNE STAHR has been elected president of the Daffy Daffy Dopes Sorority of the University of Pickledillieville. This makes Miss Stahr's fifth year at college. (Post graduate course, maybe, huh?)

JINNY JORDAN is a private nurse, now, and strictly on private cases. All cases are definitely Q. T. if Miss Jordan is around. (Especially if the case is a handsome young man.)

It is easy to see the Pickledillieville has achieved its place in the world thru these illustrious Seniors of the class of '42. Don't you agree???
